AQUATICS

Splash Bash!

IT'S TIME TO CELEBRATE SUMMER!

Join us at the pool as we celebrate the end of school and the beginning of summer vacation at the municipal pool. We'll be playing music and enjoying the start of the summer swim season. Admittance is only \$1.00 on this special day.
Friday, May 27, 1:00 - 4:00 pm

City Municipal Pool

(Located behind Happy Hollow School)

Come on in, the water's fine! We offer a wonderfully wet schedule to help cool the summer heat! Recreational swimming is offered daily throughout the summer. Look for our brightly colored flag, located by the front of the tennis courts. When the pool is open the flag will be flying. The pool hours are subject to change due to weather and low attendance.

- Children under 10 must be accompanied by a responsible person, 14 or older. All patrons are urged to read the rules which are posted at the pool.

- No Floats - For safety reasons, flotation devices are not allowed in the West Lafayette Municipal Pool except in the smaller wading pool, medium size pool and by people with disabilities.

The "No Flotation Device" policy is enforced because over-dependence on the reliability of flotation devices can be dangerous to the less-experienced swimmer. While the policy does not apply to the wading or medium pools, parents and guardians are strongly encouraged to watch their children at all times while they are in any of the pools. The only exception to the flotation device ban in the regular swimming pool is for individuals with disabilities. The West Lafayette Parks & Recreation Department will also make any other accommodations that may be necessary for individuals with disabilities to ensure enjoyment of our facilities & programs.

FUN FOR TEENS & KIDS

Playground Program - Summer Day Camp

Kids, we offer a fun place for you to get involved in a wide range of activities. We'll play organized games inside and outside. Along with offering children the opportunity to enjoy free play. Twice a week we will work on arts and crafts projects. Our playground is a "drop-in" variety; that you can come and go as you wish. Attendance is not mandatory, but you are encouraged to come all day. The playgrounds are closed over the lunch hour from Noon-1:00 pm, and on Friday afternoons. Children must leave the school property during the lunch hour and after the program. Our playgrounds close at 4:00pm. Parents should make arrangements to ensure your safety in returning home. Join to play games and meet new friends.

Silly Songs

Students will be exploring a variety of musical skills and concepts through singing, playing instruments, dancing, and other movement activities to some of the silliest songs ever written. The class will be taught by Jennifer Rife, a voice and piano instructor at Marla's Music Shoppe and music teacher for Lebanon Community Schools. There will be a performance on the last day where students can demonstrate some of the activities they have done in the class. Even the shyest child will not be able to resist clapping their hands, stomping their feet, and banging that tambourine. Never has music been so fun...and so SILLY! Call Marla's Music at 420-9363 for more information.

Nutrition Secrets for Healthy Kids

This fun interactive class is designed to empower and inspire children about good nutrition and health practices to help them grow and stay healthy. Research has shown that healthy and well nourished children do well academically. Health complications of the beginning stages of being over weight and how we can prevent it now to enjoy lifelong health will be discussed. In the first half, participants will learn the basic nutrient requirements for children to grow up healthy. In the second half, they will learn how to plan, shop or order foods to make sure their child is getting all the essential nutrients required to meet daily needs and to keep away from nutrition related health complications. For more information, contact the instructor at schaubey@nutripledge.com or call 491-6700.

DANCE

Junior Ballroom

This summer we are offering a class for the younger learners! This children's ballroom class will focus on the most popular social dances: Swing, Fox Trot, Waltz, and Rumba. This may even be something Mom or Dad may want to participate in with their child! This is a great class to get you ready for a Father/Daughter Dance, or to have some "Mom & Me" time. In addition to having fun through dancing, your child will also be learning about manners and etiquette. (No extra fee for parent's participation.) Please call Jessica at 807-6407 for more information.

Bare Bones Belly Dance

Bare Bones Belly Dance offers exposure to the varied styles of Middle Eastern Dance—popularly known as belly dance—while providing a strong basic belly dance foundation. Classes are offered to anyone 15 or older on beginner, improvement and troupe readiness levels, as well as specialty classes. Performance opportunities are offered through membership in Troupe Oasis, made up of students in Morton's Bare Bones Belly Dance classes and members of the drum circle, Oasis Drums. Your instructor, Mary Kat Lebo, has been involved in Middle Eastern Dance for over 35 years as a student, semi-professional dancer, troupe member/director and dance instructor. *Multiple class discount of \$5 may be taken for additional classes of Mary Kat Lebo's in the summer session after the full price is paid for the first class. The registration for the classes must be done at the same time to receive the discount. For information on the Bare Bones program, contact Mary Kat at Shuvanibd@aol.com

Fast Start Beginners - Breakdown and drilling of isolations and basic movement families with a focus on safe dance technique. Then continue into the Beginner Plus or Fast Start Choreo!

Beginners Plus - Students who have completed the Fast Start beginner class will drill the basic movements, learn/perfect movement variations and explore aspects of dance such as layering and combinations through the use of specially designed exercises and games.

Fast Start Choreography - Use basic isolations and movement families in choreographies designed for the beginning dancer. Students increase their knowledge of how to use the basics while learning fun and exciting dance routines, which can be performed with the student troupe, Troupe Oasis.

Session 1: Raks Assaya (cane dance) - Learn a simple props dance based on the stick/cane style from the Said region of Egypt.

Session 2: American Cabaret Style Choreography - Learn a simple choreography done in the fusion style known as American Cabaret.

Session 3 - Veil Dance - Learn to use your veil in a fun and floaty manner!

Improver Class - For intermediate to advanced level students who are interested in learning more about the various aspects of Middle Eastern Dance. Sample different styles or be introduced to a single style, or learn dance-concepts such as forming and using step combinations or the secrets of performing.

Session 1 - Folkloric Sampler - Sample two different folkloric styles from the Middle East. We'll look at Ghawazee and Khaleeji.

Session 2 - Intro. To Lebanese Style - One evening will be spent studying videos of the Lebanese style and then we'll learn a short choreography done in that style.

Session 3 - Secrets of the Stage - We will look at different issues regarding performing for the public.

Troupe Readiness - For an advanced level student who is interested in performing with the student troupe, Troupe Oasis, and in improving technique as both dancer and performer. Learn intricate choreographies for use by Troupe Oasis and to improve your ability to perform effectively not only as part of a troupe but also as an individual dancer.

Session 1 - We will learn a fun and upbeat choreography for use in Troupe Oasis performances.

— Portraiture, Still Life and Landscape Painting with Pastels or Acrylic Paint —

Learn the secrets of creating luminous artwork using soft & hard pastels and or acrylic paint as a painting medium. Choose your favorite subjects and bring your best photos or paint directly from a still life. Composition, focal point, value, color, mass and line will be explored including essentials necessary to build a successful painting. Techniques in making an under-painting or “toned ground” and differences in pastel painting surfaces will be shown. Discover how to take an average painting to the next level. We’ll even talk about framing. Come ready to paint, observe and have lots of one-on-one attention at your easel. Instruction is adapted to the needs and goals of each artist in a comfortable atmosphere encouraging experimentation. Prepare to have fun. Please pick up supply list when registering. Charles Bague Drawing & Old Masters Study

This course includes a comprehensive drawing study that is time tested and a proven method of understanding value, contrast, and form and a serious study in the life-drawing and compositional skills involved in old masters’ drawings and paintings. The Charles Bague Drawing method was invented in the 1870’s as a way to teach students in the French academy. Students in this class will be making exhaustive studies of lithographs made from some of the world’s greatest paintings and sculptures and copying them in order to gain a greater understanding of drawing and shading techniques, anatomy, movement and composition. Please pick up a supply list before the class begins at Morton. Call Chris for more information at 586-2465.

Portrait Sculpture in Clay

Come sculpt the portrait in clay for beginners through intermediate level. Sculpting is done on armature using water-based clay and working from a model. Pieces fired after the conclusion of classes. Sculpting process develops by citing key anatomical surfaces (boney landmarks) on the head as these correspond to basic geometric conceptions of form. You can build upon that in subsequent sessions working with a live model. This is a sculpting method which combines perceptual and conceptual thinking. Absolutely no experience is necessary. All skill levels welcome! Please ask for supply list when registering. Supply fee will pay for clay, a tool kit, an armature, and a portion of the modeling fees. Modeling fees will be split by the number of students taking the course. For more information, please call Susan at 463-6161.

Photography

Take Better Photographs -For photographers of any level, learn how to use your camera to make consistently good photographs. This course helps students explore how to design a photograph, utilizing common composition techniques. Learn how to work with the elements in a picture and principles such as the rule of thirds and framing, to capture the pictures you have visualized. The class will then meet on Saturday morning for a field session to practice these techniques. The field session will be followed by an evening class session the following week for feedback of the students' work. Please bring your camera and camera manual to the first class. For more information, please contact Glenn Chang at 765-447-2462.

Working With Your Digital Camera -This class helps students learn how to find and use all of the options and programs on their digital cameras, and how to use them to take better pictures. The class will also discuss compositional techniques to improve your photographs. The instructor works with each student to learn how to access the different parts of their camera's menu, and how to work with focusing, different program modes, zoom settings, resolution, compression, compensation, color, saturation, contrast, flash, and other camera capabilities. The second class meets at a field location on Saturday morning to work with our cameras in the field. In the third session, the students meet the following week for an evening class session for students to get feedback about their work. Students should already have a digital camera and should read the camera manual prior to the first class. You must be able to print pictures from your cameras for the feedback session. Class is limited to 12 students to allow for individual attention. Please bring your camera, camera manual, an array of lenses, extra batteries, memory cards, (optional) tripod. Zumba®

Zumba is a Latin-inspired, dance-fitness class that incorporates Latin and international music and dance movements, which create a dynamic, exciting, and effective fitness system! This class format combines fast and slow rhythms that tone and sculpt the body in an aerobic/fitness fashion to achieve a unique blended balance of cardio and muscle-toning benefits. Zumba integrates some of the basic principles of aerobic, interval, and resistance training to maximize caloric output, cardiovascular benefits, and total body toning. The cardio-based dance movements are easy-to-follow steps that include body sculpting, which targets areas such as gluteals, legs, arms, core, abdominals and the most important muscle in the body, the heart. No dance experience required. Please call Rachael Berard at 765-418-5160 for more information.

Dao Yin Yang Sheng Gong

Dao Yin Yang Sheng Gong is a practice of exercise, meditation, self-healing, and self-defense with roots in ancient China. It is a combination of flowing movements and deep breathing techniques with repetition that lead to better mobility and balance. Call Nancy VanDoren at 296-7602 for more information.

Beginning Forty-Nine Movements— Learn to control breathing, calm the mind, and stimulate specific acupressure points in the body using slow, smooth movements that were developed to help prevent illness and promote overall health.

Continuing Forty-Nine Movements— For those students who have already taken the initial Forty-Nine Movements, these sessions focus on continued practice of the techniques.

Ba Duan Jin or 8 Pieces of Brocade— A good beginner class that consists of eight moves or stretches and a great warm up callisthenic prior to other exercise routines. Focus is on controlled breathing techniques and slow stretches.

Yang Sheng Taiji Gong II— Eight simplified moves that are easy to learn and quite similar to other Dao Yin movements which can be practiced in almost any setting.

Dao Yin Dance— An accumulation of movements from a variety of specific exercises combined into a short “dance” involving slow, circular movements with breathing techniques to promote health. For the intermediate or advanced student who has studied any type of Tai Chi or Qi Gong.

Yang Sheng Sword— Using a sword as a focus point, this Qi Gong exercise promotes an increased range of motion and balance through movements. This exercise is based on self-defense techniques. Sword motions and deep breathing stimulate acupressure points. For intermediate & advanced students. Dao Yin Dance is a good course to prepare for this class and is recommended.

Health Preserving Exercises of Emperor Qian Long— As the name implies this is a health maintenance exercise. It works to improve flexibility and mobility through repetitive movements as well as massage specific acupressure points to stimulate health and well being.

Machine Embroidery Circle

Great project classes for those of you with home embroidery machines! Classes are 9:00-Noon, have a supply list, and require advance preparation. Fee is \$25 each. Although the step-by-step instructions are written specifically for the Pfaff 7570, all makes and models of embroidery machines are welcome, as the projects themselves are by no-means machine specific! Call Sally at 742-4193 for more information.

Free Choice X—Finish up an existing project or try something new! When you decide what you are doing, let me know so that I can bring appropriate samples and instructions, if I have them. For those of you with a 5@ x 7@ or larger format, this is a great time to try out a larger design!

For Penelope—The techniques for embroidering on terrycloth- hooped or unhooped- will be reviewed while you are making this hooded beach wrap for a child or an adult.

Hola Mola!—Choose a mola design to embroider on the front of a small, top-zippered, shoulder strap bag.

Take Stock—Techniques for embroidering on paper to make postcards and notes will be covered in this class. Two or more designs of your choice from www.emblibrary.com will be needed.

Résumé Production

Students will be guided through the thought process of creating a professional résumé using the instructor's book, *Résumé Production—How to Build Your Own Professional Résumé*. Each student will receive a copy of the book. Time should be spent prior to class focusing on descriptive adjectives for the résumé preparer, proficient skills, areas of knowledge and ability, and a personal mission statement. Come prepared with legal names of past and present employers with achievements and key responsibilities while in those positions as well as information on education, workshops, seminars attended, certifications and licenses. Thoughts will be organized on worksheets. Feel free to write in the margins. Students will learn the precise way to write headings, a qualification summary, work experience, education, and affiliations, as well as editing, layout, and typesetting. All this will result in the ability to prepare a finished résumé with professional polish. Call Jan at 447-5197 for more information.

You Are Powerful! Empower Your Thinking, Transform Your Life

You may have heard that we “create our own reality.” How do our thoughts, attitudes and feelings really affect what happens in our lives? How can you feel more powerful in your own life? This self-empowerment workshop is based on the teachings of New York Times bestselling authors Jerry and Esther Hicks and Louise Hay. We will focus on developing thoughts and attitudes that are beneficial to us and are in alignment with creating the lives we want. This workshop is practical and you will learn different techniques each week. Please call the instructor at 446-7134 if you have any questions. The sessions are identical; sign up for the one that best fits your schedule.

You Are Powerful! II

This course is a continuation of You Are Powerful! Participants should have completed the first class prior to taking this one. We will continue to focus on developing thoughts and attitudes that are beneficial to us. We will deepen our exploration of the influence our thoughts have in our lives and how we can practically apply these principles. Sign up for one or both sessions. Each session will be based on the interests of its participants. Please call the instructor at 446-7134 if you have any questions.

West Lafayette Parks & Recreation FOUNDATION

Our Mission: "The West Lafayette Parks & Recreation Foundation was established to solicit, receive and provide funds and/or property, and to receive gifts, bequests and memorials for securing, maintaining and informing the public about facilities and programs for West Lafayette Parks & Recreation."

There is a way to ensure that our children and all future generations will continue to enjoy the parks and open spaces that enhance the quality of life in West Lafayette. Municipal funding priorities change from year to year. Imagine no open spaces, no trees and shrubbery growing on public lands, not a place to simply enjoy nature. The West Laf. Parks & Recreation Foundation is a way to keep greenspaces a priority in our community.

Individuals may memorialize a family estate through a donation to the foundation. Owners of unique properties can protect the integrity of their land by donating it so that future generations may appreciate it as well.

Fine Print: Things You Should Know.....

Register Early!

Registering early helps us do a better job preparing our programs for the proper amount of participants. Most of our programs have a limit on the number of participants. We depend on your participation for a successful class. Early registration allows us to schedule the necessary sessions and prepare supplies and materials.

Supply Lists

Some of our classes require a supply list. Supplies should not be purchased until four business days prior to the start of class. Most classes have a minimum number of registrants required to hold the class.

No Receipts Mailed

No confirmations will be sent. Assume you are registered unless you are notified. If you need a receipt, send along a self addressed stamped envelope.

Refund Policy

If we cancel a class, all fees will be refunded. If you cancel at least two business days prior to the start of class, you may receive a refund less a \$5.00 processing fee. Because decisions to maintain classes are based on enrollment at the first class, no refunds will be granted after the first class. To obtain a refund you must return your receipt to our office and sign a claim. The claim will be processed at the next regularly scheduled Park Board meeting.

***Sorry - NO Refunds
are given for Swim lessons.***
